

the parenting program she did attend along with Steve and that Marion Belanger, FSW was in the home and she felt that she did help – they are connected to the Boys and Girls Club, Nikki Taylor, Andrew Street and Ma Ma WI. Samantha stated that her child Phoenix were doing really well and had no concerns at this time about her health. Samantha stated she doesn't know why CFS is stilling wanting to be involved and further stated she has done everything that was asked of her – this worker explained that they are young parents that WCFS is available to offer any support if needed.

Samantha stated that her and Steve are doing well at this time. Samantha stated she did see Dr. Altman for the appointment and that she did have Marion Belanger in her home and felt she worked okay with her. Samantha will be getting a pediatrician to follow Phoenix. When this worker mentioned that Cree Nation was in contact with the Agency about her eldest child – Samantha sharply stated that she doesn't want or need to have her oldest child [REDACTED] situation involved in this matter because he is permanent ward of Cree Nation.

Overall; it is evident to this worker that Samantha is annoyed and dislikes the involvement of WCFS - the family appears to doing well although Samantha does appear angry and annoyed with the agency involvement – the home is clean and well maintained and the child Phoenix appear clean and content – Steve appears to be actively involved into the general care of the child.

Steve appeared very quiet and did offer very little input into today's conversation. Samantha appeared agitated and clearly stated her obvious annoyance of the Agency involvement and stated that if the Agency want to meet with her in the future that we need to send a letter for an appointment and not to just drop by. The worker informed her that we do drop by visit especially if a person has no phone and to date that it was very difficult to meet with them.

Plan: Will do drop by visit to monitor situation or as needed

PC from Women's Hospital from [REDACTED] SW to inform me that Samantha Kematch gave birth to a baby girl on April 29th, they named her [REDACTED] and the baby and mother are doing fine. According to [REDACTED] the parents are quite attentive to the child and stated that they have all the necessary items for the child – their daughter Phoenix is about 1 year old and they have kept all her baby stuff. A friend of theirs is keeping Phoenix until she is released from the hospital. [REDACTED] has no concerns and stated that the father – Steve Sinclair has been actively visiting and participating in the care of the baby.

The parents returned home with the child and appeared to quite active in the care of the child - parents have been observed as responsible for caring for the child and access the appropriate care caregivers to care for Phoenix in their absence. This is Samantha's third child and this is the third time that she had not disclosed to the Agency that she was pregnant.
