

wants to parent her - she felt  
she got connected to child  
when it was born + in visits.

(Dr. A)

→ his sense is that the relationship  
is okay - they both shared  
with him the feelings  
about the relationship +  
each other - they tell each  
other they love ~~the~~ each  
other and Sam feels he  
loves her.

→ ~~Dr. A.~~ Dr. A. does not see need  
for further assessments at this  
time - he did talk to  
them about commitment (part  
of a lecture) but he feels  
for now they are both  
committed

- he believes their responses to  
him + how they interacted  
together were genuine

→ he sees that they likely  
share parent's resp - there  
was attention to baby  
while they spoke.

- Sam did talk about ~~the~~
