Hi Mario;

An update on Phoenix Sinclair. I understand she would be in need of winter clothes but by the time it would be processed she would be home with her Dad. I spoke with Mr. Sinclair this week and he indicates once the T.O expires on October 2, 2003 he will be retrieving his daughter and taking her home. Also, Phoenix used her initial clothing allowance when she came into care. She hasn't been in care for six months and therefore we would not be able to access the other \$75.00 till next month. There is also some other additional clothing money available to the tune of \$75.00 for a possible total of \$150.00 next month. What do you think, do you want to process money for this child before she returns to live with her Dad next week? It would be fine by me as the Dad won't get any child Tax Credit for a couple of months.

Stan

Hi Stan:

Thanks for your reply. I forgot to mention that Phoenix is in need of winter clothing. Could we access her initial clothing allowance to cover those costs?

Thanks and have a nice weekend.

Hi Mario;

These things all sound fine and dandy and I think we will be able to proceed once we get connected with Phoenix's Dad Steven. I need to make arrangements with him to see if he will sign a VPA or if I need to ask for an extension of the Temporary Order we have at present. The original plan was that baby would be with Kimberly for a short term and then returned to Dad. The T.O. expires on October 2, 2003 which is next week. Once I get this sorted out I think we could get together with Kimberly and do a Child Service Plan and take it to Special Rate Committee with consideration for extra respite, etc. I have baby's medical numbers which are [REDACTED] PHIN# [REDACTED] and SASH# [REDACTED]. I think day care is a great idea and I believe our branch would be able to cover the extra costs once day care subsidy forms are submitted and approved. If she has something in mind this would be great. Although the TO expires on Oct. 2/03 I anticipate baby's stay with Kimberly will be extended. I'll be in contact in the next week or so and share the outcome of my tracking of Dad.

Hello Stan:

Long time no talk. I hope you are doing OK. Well, having Heather as a supervisor sure helps a lot. Enough of brown nosing to Heather.

I met with the above-named care provider this morning. She asked to be placed in a twice a month budget since it is hard to make ends meet. I could easily do that with accounting, providing that you are in agreement.

I also looked the health numbers for her and, again, if you are OK with this I could call her and provide those to her.

The third issue that we spoke about was the possibility of Day Care for Phoenix. I encouraged her to look around and to talk to you about it.

The fourth issue we spoke about was respite. I explained to her that in the POS rate there is a value of \$54.30 a month for that purpose. Understanding that it isn't very much money, I could also make a case with my supervisor and obtain approval from our budget. I would need from you some relevant information that could help me out on this. Once that is approved, I will take care of the rest.

Thank you so much Stan and take care.
