Time 11:55 am. Writer received verbal referral from team leader Olive to go to Fisher River ICFS and pick-up two boys who are apparently at home alone. The two boys are Peguis band members and the father is Fisher River band member. Writer went to meet with the workers from ICFS Violet and Madeline met with writer who informed writer that the father of the two boys was a big rig driver and was at this time somewhere in Ontario. The father apparently phoned the ICFS office and told the workers that there was a baby-sitter with the boys. ICFS workers were informed by their probation officer that the sitter [REDACTED] was the sitter but, was apparently wanted by the law and that there was a warrant for his arrest. This is the reason why ICFS was involved to make sure that the children were safe and returned to their biological mother [REDACTED] who resides in Winnipeg.

Writer contacted [REDACTED] to inform her that writer will be transporting her two boys [REDACTED] and [REDACTED] to her home address in the city right away. [REDACTED]. Before the actual transportation could take place writer and ICFS workers along with two RCMP officer (Constable King and Munro) were the accompanying officers that helped workers locate [REDACTED] who had gone with [REDACTED] to a friends place for a visit. Workers found [REDACTED] after a long search and then writer transported them to Pops office and then to the mom in Winnipeg. The ride was uneventful the boys slept all the way to Winnipeg. Writer met with the mom [REDACTED] briefly and was told by [REDACTED] that [REDACTED] will not be sending her boys back to the Reserve for awhile now and [REDACTED] thanked writer for the safe return of her boys. Writer will continue to work with this family as needed. RE
